

## In Preschool and Prekindergarten learning at Wakefield Country Day School is purposeful and fun.

With experienced, career teachers, students learn early math and reading skills and marvel at the wonders of science.

They interact with older students through reading and bus buddy programs.

They experience field trips to places like orchards, zoos, and museums, and enjoy separate classes in Spanish, art, music, library, computer, and PE.

They celebrate special traditions like Easter Egg Hunts, hatching eggs, poetry recitation, and performing the much-loved PK planet play.

Your child deserves a firm foundation for Kindergarten and beyond. Come visit **WCDS** and experience an education where virtue and wisdom are valued *for life!*

**WCDS:** a preschool through grade 12 college preparatory day school in Flint Hill, Virginia offering daily bus service from Warrenton.
