ALL ABOUT ANIMALS

We will explore how animals are essential in balancing our ecosystem. Students will learn about animals in the food chain, in plant reproduction, and in domestic capabilities. They will be able to explain how animals behave in different environments and the requirements of an animal habitat.

A FIELD TRIP TO THE NATIONAL ZOO IS PLANNED!!

\$200.00 for current Midland Christian Academy (MCA) students.

\$300.00 for non MCA students.
